The current year (2016-17) building assessment for the subject parcel is \$2,009.47. This would be the amount of current adjustment to be requested.

The past year (2015-16) building assessment was \$1,950.94. This amount should be returned to the owner by the SP Property Owners' Alliance, assuming the owner paid their 2015-16 property taxes in full.

Ed

Hello.

Please look at your assessment methodology. If it includes building square foot, you should calculate it and return that portion of the assessment to him for 2016. Inasmuch as the assessments for 2016 have been provided to you. As for 2017 assessment, please provide the recalculated assessment (with data) to Dennis/Mario and we can have the assessment reduced with the County Assessor's Office for 2017. The Initial tax bills have been sent to property owners. An adjusted property tax bill should be mailed after correction.

Thanks.

Good afternoon,  
One of my property owner's building burned down last November 2015. He paid his full assessment. What is the proper way to give him credit for what he paid?  
Also, we should change his assessment amount since it is currently a dirt lot.

Please advise on how I can fix this.

Best regards,  
Lorena Parker
